Dear Valued Subscriber,

At Logic One, we pride ourselves on delivering the best possible service using the most innovative technologies available, along with a selection of programming packages and services parallel to none in Jamaica. Logic One, a 100% Jamaican owned company and obligated to continually offer the highest quality service to you our Subscribers.

Over the past ten months the Jamaican dollar has devalued by approximately 17% this has adversely affected our Television Programming costs that is billed in US\$ with an approximate annual escalation of 2%.

The cost of electricity, fuel and equipment has climbed steadily; to date we have absorbed these escalating costs, in order to maintain service we will have to make adjustments to our prices effective 1<sup>st</sup> July 2013. Television programming and some support packages will be increased while our Internet Service prices will remain unchanged as they are quoted in US dollars. For detailed package and service information please visit our website at [logiconeja.com](http://logiconeja.com) or call our offices 931-2445/905-0496/755-3979/969-5840/969-8976.

To enhance your viewing experience we have added West coast feeds of ABC, NBC, CBS and FOX to all Cable TV subscribers at no extra cost, they are located between Channels 123 and 129.

Logic One Ltd, is proud to announce the addition of fifteen (15) new HD channels at no extra cost these channels are viewable on HD cable boxes, when the associated package is purchased. HD cable boxes are available for purchase at our office.

Kindly see an updated breakdown of the affected packages and services on the other side of the letter.

We appreciate your business and look forward to maintaining the provision of the highest quality service in Entertainment and Information.

Thank you.

Mario Francis
